Prominent Educator Believes That Vapomentha is A Sure Preventive

Dr. R. M. Brame, discoverer of Brame's Vapomentha Salve, has a letter from C. C. Wright, Superintendent of the Wilkes County, N. C., Public Schools, in which he says: "We have used Brame's Vapomentha Salve for nearly all the ills for which it is prescribed and have always secured satisfactory resulta. If used in time it has never falled to break up colds, usually the forerunner of Grippe, Influenza and Pneumonia. I speak from personal observation. I believe if this preparation is used in time it will prevent the development of pneumonia in every instance if used according to directions."

These strong statements are fully justified by the remarkable recoveries that follow. Brame's Vapomentha Salve will relieve pneumonia, influenza, grippe, pleurisy, bronchitis, whooping fever and inflammation of the skin. Vapomentha is applied externally, and it will not stain the clothes, as other salves do. No home should ever be without it. Buy it from your druggist or direct from the Brame Drug Co.
